

ACKNOWLEDGMENTS

I would like to thank my wife, Linda, and my children, Elana, Benji, and Danielle, for always supporting my writing endeavors. Domenica Ricottilli typed the first drafts and provided the proof that this book could really happen. Huguette Houle converted my scrawl into real text. Gloria Baker was my research associate and in-hospital editor. Linda Greene-Finestone and Dvorah Finestone polished up the manuscript. Shya Finestone provided trivia facts. Many thanks to my mother; Ma—you are in the book.

I'm eternally grateful to Dr. Julie Silver, who first recognized this book's possibilities. Deborah Carvalko was an able editor. Michael Levine, an entertainment lawyer, has encouraged my writing initiatives over the years.

Most of all, I thank my patients, who have inspired me and shown me how healing is a complex yet rewarding process.
